WORK EXPERIENCE

Full Stack Developer
asiaurs
Jan 2026 – Present

Built and deployed full-stack web applications using React, Node.js, and MongoDB. Developed RESTful APIs and integrated third-party services, improving data flow efficiency by 30%. Optimized application performance, reducing page load times by 40%. <https://asiaurs.store>

front end instructor
egyptian bears academy
Jun 2023 – Jan 2025

I developed interactive user interfaces using React and TypeScript for over ten projects for various clients. I collaborated with designers and back-end software development teams to deliver high-quality, user-friendly components. I implemented case management solutions, which reduced user interface errors by 25%, and trained over 300 students on all projects.

Web Developer
freelance
Jan 2020 – Jun 2022

Assisted in building and maintaining web applications using HTML, CSS, and JavaScript. Debug and resolved frontend issues, improving cross-browser compatibility. Participated in code reviews and agile sprints, contributing to on-time project delivery.
